

# THE CARRIAGE HOUSE

*at*

## GREYSTONE MANOR

### *About* THE CARRIAGE HOUSE

The Carriage House is an original building of the estate, constructed circa 1930. After the era of the horse and buggy had passed, it was transformed into guest quarters. Sit on the private patio and enjoy the shade of the moss-draped oaks and Monterey pines. Listen to the wind whispering through the trees while the woodpeckers and wild turkeys call out to each other. At night, enjoy the sounds of the ocean, the vast array of stars with one of our telescopes, and listen to the serenade of the great horned owls. Complete with a welcome gift and a parting gift, your stay at the Carriage House will allow you to hit the pause button on life, to relax, reflect, and enjoy the quiet beauty of the Central Coast.
